LETTER FROM THE CLUB

Welcome to the very first issue. What a season to begin with. This is a club built on something far bigger than football, in memory of a woman who meant the world to us, and every page that follows is part of keeping her close. Thank you for being here. It means more than you know.

In her name.

WIN RATE

Eighteen played. Eighteen won. Not a single defeat. How Sue's Angels turned a debut campaign into history, and did it all in her name.

In our very first campaign in the Southern Sunday Football League, Sue's Angels did not just compete in League Ten, we won it, and we won every single game on the way. Up front we were ruthless, with thirty-one goals from our top scorer alone. At the back we grew more stubborn every week. A group who barely knew one another in August became, by spring, a team that did not know how to lose. The table only says so much. What this season really proved is

what people can build when they play for a reason. Every win was for Sue, and every performance carried her name a little further. Promotion to League Eight is the reward, and the real test starts now.

“For a first season, it is just about flawless.”

William Clark Announces Retirement from Football

Sue's Angels FC can confirm that William Clark has announced his retirement from football. William played an important role during the club's historic debut season, helping the Angels secure the Division Ten title and complete an unbeaten league campaign. Across 17 appearances, William contributed 7 goals and 8 assists, often making an impact from the bench and proving to be a valuable part of the squad throughout the season. Everyone

at Sue's Angels FC would like to thank William for his commitment, contribution and support during his time with the club. We wish him all the very best for the future and congratulate him on leaving the game as a league champion. Thank you, William

WHY WE PLAY

For Sue.

IN MEMORY OF SUSAN ANNE MARTIN

Every club has a reason it exists. Ours has a name. Sue's Angels was founded in memory of Susan Anne Martin, and we carry her with us into every match and every season. Playing in her name is how we keep her close, and how we turn something that hurt into something good.

We also play to talk about sepsis, because knowing the signs saves lives. It can affect anyone, and it can move quickly, so the kindest thing any of us can do is learn to spot it. If someone you love seems suddenly and seriously unwell, trust your instinct and ask the question: could this be sepsis? Then call 999 or NHS 111. Knowing to ask is a small thing that can change everything.

KNOW THE SIGNS OF SEPSIS

- Slurred speech or sudden confusion
- Extreme shivering or muscle pain
- Passing no urine in a day
- Severe breathlessness, breathing fast
- "It feels like I might die"
- Skin mottled, bluish or pale
