BROCKWELL VIOLETS VS ANGELS

SSFL | LEAGUE EIGHT

MATCHDAY SIX

INSIDE THE ISSUE

SIX OF THE BEST
IN THEIR OWN WORDS
THREE MEETINGS, THREE WINS

NOTHING NEEDS EXAGGERATING

FIRST AGAINST SECOND, THREE POINTS APART

Two clubs who know each other well, on a morning where the table has put them next to one another.

We arrive at Clapham Common with five league wins from five, 26 goals scored and four conceded. Brockwell Violets are directly behind us after winning four of their opening five.

Last Sunday was the response we wanted after the disappointment at Juizo. We played with patience, found space in the right areas and scored six against TSM Rovers. Just as importantly, the players who came from the bench changed the game rather than simply joining it.

That performance gives us confidence. It gives us nothing for free today.

We won all three meetings with Brockwell last season, when we finished champions and they finished runners-up in League Ten. Those results are part of our story, but they will not make a tackle, complete a pass or score a goal this morning.

The job is simple to describe and difficult to deliver: match the intensity, stay patient with the ball and play like the team at the top of the table.

THE LEAGUE PICTURE

Sue's Angels	P5 W5 · 15 pts
Goals	26–4
Brockwell Violets	P5 W4 L1 · 12 pts
Goals	10–4
The gap	Three points

A win moves us six clear of Brockwell. A Brockwell win brings them level. A draw leaves the gap where it is.

WE HAVE EARNED TOP SPOT. TODAY WE HAVE TO DEFEND IT.

SUE'S ANGELS FC V TSM ROVERS · THE REEVES

Back at The Reeves and back among the goals. TSM began in a compact 4-5-1, so the early challenge was patience. We thought Charlie had opened the scoring after five minutes, only for a tight offside decision to rule it out.

The breakthrough arrived in the 16th minute. Dean's corner reached Dan at the back post, his effort was blocked, and Andy kept the move alive and found Stewart. His attempted volley fell to LJ, who swivelled and struck a brilliant right-footed volley into the net.

Charlie made it two eight minutes later, racing onto Jimi's pass and lifting a composed finish over the goalkeeper. TSM answered with an outstanding free-kick, but Ade restored the two-goal lead before half-time, a controlled left-footed volley from LJ's pass.

The second half belonged to the squad. Frazier read hesitation between the goalkeeper and centre-back, rounded the keeper and finished with his left foot. Jon then drove down the right and put the fifth on a plate for Sama.

Four minutes later Mike, Andy and Frazier combined down the left, Frazier crossed first time and Sama arrived again to make it six, denied a hat-trick only by another fine save.

Five scorers. Three of the six came from players who began on the bench, in the part of the afternoon where squads matter.

PATIENCE OPENED THE GAME.
THE BENCH FINISHED IT.

THE PERFORMANCE, IN THEIR WORDS

The scoreline told us what happened. Stephen, Dan and Sama explained why.

STEPHEN EPATHITE · MANAGER

HUNGER IN THE FINAL THIRD

Stephen wanted a reaction after the Juizo shootout defeat and saw one immediately. We attacked with more composure, more movement and a much greater desire to finish the chances we created.

> **"We looked like a different team to last week in front of goal."**

His biggest satisfaction came after the football had stopped. The celebrations around Sama's goals and the mood at full-time showed a group enjoying each other's success.

DAN MCLANE · CAPTAIN

PATIENCE, THEN WIDTH

Dan felt the key was refusing to force the game. We kept the ball, waited for TSM's compact shape to move and then attacked the spaces outside it.

> **"When we're being patient and then getting it into those wide spots, using that width is where we excel."**

The captain also spoke about the changing room. Players will naturally want more minutes, but the strength of the group is that frustration has not damaged the togetherness.

SAMA NUR · PLAYER OF THE MATCH

READY WHEN CALLED

Sama entered at right wing-back, a position he does not normally play, and scored twice in four minutes. He trusted the back three behind him and attacked the box whenever the chance appeared.

> **"I've always got confidence in myself making an impact in this team."**

His second goal was his favourite: Frazier looked up, crossed first time and left him with one job, guiding the finish into the bottom corner.

PLAYER FOCUS

THE POSITION WAS UNFAMILIAR. THE CONFIDENCE WAS NOT.

SAMA NUR · RIGHT WING-BACK

TWENTY MINUTES THAT CHANGED THE AFTERNOON

Sama had not started a match this season when he stepped onto the pitch against TSM. Twenty minutes later, he had two goals, a near hat-trick and the Player of the Match award.

2	2	1
APPEARANCES	GOALS	PLAYER OF THE MATCH

The first finish came from anticipation. Jon beat the left-back, reached the byline and drove the ball across goal. Sama had kept moving and arrived exactly where a wing-back should.

The second showed the same instinct from the opposite side. Frazier delivered at pace, Sama met it first time and found the bottom corner.

Sama has now made two substitute appearances this season and scored twice. Across his Sue's Angels career he has three goals from three appearances. The numbers are unusual because his opportunities have been limited. His response has been simple: be ready.

IN HIS WORDS

"The way the team is set up, I can attack more than defend."

TODAY'S OPPOSITION

BROCKWELL VIOLETS

BROCKWELL VIOLETS FC

LEAGUE EIGHT · SECOND · FOUR WINS, ONE DEFEAT

Brockwell began the league season with four straight victories. They beat Pure Football 2–0, Haydons Park 3–2 and Barnes Stormers twice, 1–0 away and 4–1 at home.

That run ended last Sunday with a 1–0 defeat at Three Little Birds. It was their first league loss of the season and left them three points behind us before today's meeting.

Their numbers suggest a side comfortable in close matches. Three of their four wins came by one or two goals, and they have conceded more than once only against Haydons Park.

This is a familiar opponent, not a predictable match. Brockwell know us, we know them and both sides understand what is available today.

A FAMILIAR FIXTURE

THREE MEETINGS. THREE WINS. A NEW SEASON.

We met Brockwell three times last season, twice in League Ten and once in the Dylan Rigobert Trophy.

The first league meeting ended 6–0 at The Reeves. We met again in the cup before Christmas and won 5–1. The final meeting came in May, when a 3–1 away win formed part of the unbeaten run that carried us to the title.

Across those three matches we scored 14 and conceded two.

That history matters because it explains the familiarity between the teams. It does not decide today.

Brockwell finished runners-up last season and have started strongly after moving into League Eight with us. They are again the side directly behind us in the table, and this time we meet on their ground with the gap standing at three points.

It is November, not May. Nobody wins a title this morning. Both sides can still make a statement.

THE HISTORY IS OURS.
TODAY'S RESULT IS STILL THERE TO BE EARNED.

THE TOP TWO

Five league games have brought 15 points. That puts us three clear of Brockwell and six clear of Three Little Birds, who have played one match fewer. Our goal difference has also created an early advantage: we have scored 26 and conceded four, giving us a difference of +22, where Brockwell are on +6. It is a strong position, but the season is still young. The only useful table is the one we keep earning.

THE MATCHDAY STANDARD

BE PART OF IT

THE CLUB NEEDS MORE THAN PLAYERS

Sue's Angels is run by volunteers and supported by the people around it. Every home match carries a cost: the pitch, changing rooms, referee, league fees, cup fees, kit, footballs and first-aid supplies. A donation to the club goes directly into keeping the football running.

There are other ways to help, too. We are looking for people who want to photograph matches, film the goals, edit content, help on Sundays or support the club as a local partner. Beginners are welcome, and reliability and a willingness to learn matter more than a perfect portfolio.

WHAT COMES NEXT

THREE CUP TIES WAITING

League points come first today. After Brockwell, the calendar turns towards three cup competitions.

TODAY	**BROCKWELL VIOLETS · AWAY**	League Eight · 10:30, Clapham Common First against second, with three points between the clubs
15 NOV	**THE STATION · HOME**	Surrey FA Sunday Lower Junior County Cup, first round · 11:00 The first county cup match hosted at The Reeves. The Station are new opponents for us.
TBC	**CELTIC SWANS · HOME**	Brian Howard President's Cup, second round We reached round two by winning 4–0 away at Peps All Stars. Celtic Swans received a first-round bye. Date and kick-off to be confirmed.
TBC	**OPPONENT AND VENUE TO BE CONFIRMED**	Chairman's Cup The penalty shootout defeat at Juizo places us in this season's Chairman's Cup. The tie will be added once the league confirms the details.

Those fixtures can wait. There are league points on offer this morning, and Brockwell Violets are the only team that matters until the final whistle.

THE CUPS CAN WAIT.
THE LEAGUE IS IN FRONT OF US.
