THE MANAGER'S VIEW

STEPHEN'S MATCHDAY INTERVIEW

Four wins from four have given us the perfect start to League Eight. Today the table is put to one side as we begin our Brian Howard President's Cup campaign away to Peps All Stars.

Before kick-off we sat down with Stephen to look back on our opening month, on the final we lost last season, and on exactly what he wants from us at Dulwich Park.

Q1 FOUR LEAGUE GAMES, FOUR WINS AND 20 GOALS. WHAT HAS IMPRESSED YOU MOST?

The consistency, and the transition from where we left off last season. All the credit goes to the players. They have carried on exactly as we ended last season: the mentality, the attitude, the hunger, the desire. And I still think we have not got started properly yet.

Q2 TWENTY GOALS IN FOUR GAMES. IF THERE WAS ONE AREA YOU WANTED IMPROVED, WHAT WOULD IT BE?

Without over-criticising them, I think we have gears to go through yet, and we still need to gel. If I am critical, clean sheets is the one area. We need to keep more of them. And in front of goal, be more ruthless with the chances we get.

Q3 WE REACHED A CUP FINAL LAST SEASON AND FELL SHORT. WHAT HAS THAT LEFT YOU WITH?

There is definitely a sting from that final. I feel it, and I think some of the players feel it as well. We want to get back there, and if we do, a lot of things will be done differently. That sting is giving me fire to repair what happened.

Q4 WHAT WILL YOU BE DEMANDING FROM THE VERY FIRST WHISTLE?

The week off was a good thing. It has kept them fresh after a lot of games in pre-season and a fast start. I know the players will be at it from minute one. I want the intensity, the aggression and the consistency. The main thing is to win.

POSITION

SEVEN GOALS. FOUR WINS.

7-1

SUE'S ANGELS V BARNES STORMERS

We closed September with seven goals, three more points and a fourth straight league win at The Reeves.

Charlie Dunkley and Ade Owolana both struck twice, Leon Burnett and Alfie James Inman added one each, and an own goal completed the scoring.

The goals came from across the attack. Charlie and Ade continued their race at the top of the scoring chart, Leon added another contribution and Alfie took his opportunity with his first goal of the season.

It was not flawless, and the scoreline should not pretend otherwise. Barnes caused us problems and there were periods we could have managed better. Our response mattered: we kept creating, kept committing bodies forward and punished the chances that came.

That victory completed a perfect opening month. After a Sunday away from the pitch, we now return with a completely different challenge in front of us.

Some players need time to settle. Ade has played as though he has been with us for years.

He gave us a glimpse during pre-season, then carried that form straight into League Eight. A hat-trick against Haydons Park opened his competitive account. Two followed away to Junction Elite. Another two arrived against Barnes Stormers.

The goals are only part of it. His movement keeps defenders guessing. His close control gets us out of tight areas. His ability to travel with the ball gives us a threat from anywhere across the front line. Just as importantly, he works without it and helps us set the tone from the front.

He ends September level with Charlie at the top of the League Eight scoring chart. Seven goals from his first four competitive appearances is some introduction.

Our first Sporting Solutions Player of the Month could not be more deserved.

HE HAS NOT NEEDED AN INTRODUCTION.

MORE THAN ONE WAY

The most encouraging part of our opening month was not simply winning four games. It was that no two victories looked the same.

Against Three Little Birds, we had to stay patient and protect a narrow lead. Haydons Park saw our attacking football come alive. At Junction Elite, we controlled the shape of the game, defended properly and earned our first clean sheet. Barnes Stormers brought goals again, but also reminders of where we still need to improve.

That variety matters. There will be Sundays when the football flows and others when the result has to be fought for. If we want to compete near the top of League Eight, we must be comfortable doing both.

The numbers are strong, but the balance behind them is stronger. Charlie and Ade have led the scoring. Leon has linked the attack. Dean has created consistently from the right. Andy and Michael have supplied from deeper areas. Across the pitch, different players have found ways to affect games.

It is a good base. It is nowhere near the finished version of us.

DIFFERENT GAMES. DIFFERENT ANSWERS.

NOTHING CARRIES OVER

September gave us exactly the start we wanted: four games, four wins and 20 goals. Today, none of it earns us anything.

Our first Brian Howard President's Cup tie takes us to Dulwich Park and into the unknown. We have never played Peps All Stars, and they have never played us. There is no previous meeting to revisit and no second chance waiting if we get it wrong.

Both sides will be learning in real time. The team that settles quickest may take control of the tie.

Peps have scored in three of their first four league games. Their latest produced seven goals, with London Titans eventually winning 4–3. Give them space and encouragement, and they have shown they can make a game uncomfortable.

The free weekend gave us time to recover and reset. Now our rhythm has to return quickly. Our first few challenges, passes and decisions will show whether we are properly switched on.

There will be moments to attack quickly and others when patience is the better weapon. We do not need to win the tie in the opening ten minutes. We do need to look like ourselves from the first whistle.

THREE KEYS TO THE CONTEST

01 START WITH PURPOSE

Match Peps' energy and establish control early.

02 PROTECT THE TRANSITIONS

Keep the structure behind the ball when attacks break down.

03 RESPECT THE TIE

League positions mean nothing in a knockout match.

NO PREVIOUS MEETING. NO SECOND CHANCE.

LEAGUE NINE · DULWICH PARK

Peps All Stars are a League Nine side with home advantage, goals in their team and an opportunity to make their own statement in this competition.

They began the season with a narrow 2–1 defeat against BPR Men's before earning a 2–2 draw away to Pure FC 2.0. A defeat against Shepherds Tuesday followed, but Peps responded by scoring three times in a 4–3 loss to London Titans.

One point from four games does not tell the complete story. Peps have scored six, including three in their latest outing. Luke Ebbs and Niall O'Shea lead their early scoring with two each. Eoin Kelly has a goal and an assist, while Chris Ogborne has also found the net.

Several players have featured throughout their opening month, giving them a settled core despite being early in the season. Their yellow and blue will be familiar at Dulwich Park. We will be the visitors entering new territory.

THE ROAD AHEAD

Twenty-eight clubs entered. Twenty-four began in the first round; Celtic Swans, Deportivo Los Toros, Pure FC 2.0 and Shepherds Tuesday were given byes.

We are Tie 2. The league publishes each cup as a full bracket, and a bracket already names which side of every tie a club is on — so the draw tells us where we would play all the way to the final, win or lose nothing else.

Beat Peps and it is Celtic Swans at home. That is the only round after today with a single named opponent, because their bye means there is no tie for them to win first. Everything beyond it is a branch, so each round is listed as every club that could still arrive in it.

Winner of the opposite half. A final is played at a neutral ground, so neither club is at home in it.

Home and away are read off the published draw, not predicted. Divisions correct as of 2 October 2026.

Three of the eight who could meet us in a semi-final are League Eight sides we already play twice a season: Brockwell Violets, Three Little Birds and Pure Football FC 1st Team.

This is our first appearance in the competition. We want it to be the beginning of a run, not a single entry in the record.

A SUCCESSFUL SEASON FOR ME WOULD BE TO

”

ANDREW ALLEN

ONE OF OUR OWN

Andy Allen has been part of this from the beginning. He has shared the dressing room, the difficult cup days, the unbeaten league season and the step up into League Eight.

This season he has remained a dependable presence across the back line while adding two assists during our opening month.

01

WHAT WOULD YOU SAY HAS BEEN YOUR FAVOURITE MOMENT IN OUR SHIRT SO FAR?

THE AWAY WIN IN THE CUP V TOTTENHAM ROVERS, A COMPLETE TEAM PERFORMANCE.

02

HOW WOULD YOU DESCRIBE STEPHEN AS A MANAGER TO SOMEONE WHO HAS NEVER BEEN INSIDE THE DRESSING ROOM?

GAFFA KNOWS BALL. TACTICALLY ACUTE, DEMANDS A LOT BUT ALSO GIVES A LOT OF FREEDOM WHEN ON THE BALL.

03

WHAT DOES THIS TEAM NEED TO KEEP DOING TO CHALLENGE NEAR THE TOP OF LEAGUE EIGHT?

I'D SAY THE TEAM JUST NEEDS TO CONTINUE STICKING TOGETHER. MIGHT SOUND CLICHÉ, BUT DO THE BASICS WELL AND EVERYTHING WILL FALL INTO PLACE.

DO THE BASICS WELL AND EVERYTHING FALLS INTO PLACE.

“

WHEN I FIRST JOINED THE TEAM, I THOUGHT IT WOULD JUST BE A BIT OF FUN, IT BEING SUNDAY FOOTBALL, BUT IT IS MORE THEN THAT. THE STANDARDS ARE HIGH FOR US, AS THE GAFFA KEEPS US ON TRACK FOR ANOTHER LEAGUE TITLE.

JUST SEEING THE WAY THE LADS COME TOGETHER SHOWS IT IS MORE THEN JUST A SUNDAY KICK ABOUT WITH FRIENDS.

”

DEAN KNIGHT

FIVE ASSISTS AND COUNTING

When we have needed a way out, Dean Knight has repeatedly provided it. Five assists in four league games tell one story. His energy, availability and willingness to keep making the run tell the rest.

His early form follows a first season in which he was named Manager's Player of the Year.

01

YOU HAVE STARTED THE SEASON CREATING GOALS REGULARLY. WHAT DO YOU PUT YOUR EARLY-SEASON FORM DOWN TO?

I PUT IT DOWN TO THE SUPPORT OF THE PLAYERS AROUND ME. GREAT BUNCH OF LADS. I PUT IT ALL DOWN TO THEM.

02

IS THERE ONE ASSIST OR PIECE OF PLAY THIS SEASON THAT HAS BEEN YOUR FAVOURITE SO FAR?

IN GAME TWO, THE BUILD-UP TO ADE'S GOAL WAS AN ABSOLUTE MASTERCLASS FROM THE LADS.

03

IS IT SIMPLY ABOUT COMPETING IN LEAGUE EIGHT, OR DOES THIS GROUP BELIEVE IT CAN ACHIEVE SOMETHING BIGGER?

100%. THE GROUP OF LADS WE HAVE DESERVE BIGGER AND BETTER THINGS, AND I BELIEVE ONE DAY WE WILL BE RIGHT UP THERE WITH THE BEST, COMPETING AT A HIGHER LEVEL.

Compete hard. Support loudly. Respect both teams, the match officials and everyone using Dulwich Park. The football should be fierce. The environment should remain welcoming.

OUR GAME. OUR STORIES.

Look around our dressing room and the influence of Black culture on football is not an abstract idea. It is part of who we are.

We see it in the personalities, the music, the humour, the leadership and the different journeys that meet under one badge every Sunday. We see it across grassroots football, where Black players, coaches, officials, volunteers and families continue to shape the game far beyond what happens during ninety minutes.

October gives us a reason to say that clearly, but recognition cannot begin and end with a month.

Black history belongs in the full story of British football. Black achievement deserves to be celebrated without being reduced to a campaign. Black voices should be heard in dressing rooms, boardrooms, technical areas and every place decisions about the game are made.

We are proud to be a team made stronger by different backgrounds and experiences. We do not all share the same story, but we share responsibility for the culture we create together.

This month, we celebrate those who came before us, those making a difference now and those who should grow up knowing there is space for them everywhere in football.

NOT A SIDEBAR TO THE GAME. PART OF ITS STORY.

HODGSON ROOFING

The matchday shirt gets the photographs.
The warm-up tops get the work.

Hodgson Roofing's name is on what this squad wears before every kick-off and at every training session. That makes it the kit we are in most often: pulled on in the cold at a session nobody is watching, and worn across the grass at Dulwich Park this morning while fifteen men get ready for a cup tie.

They are NFRC-accredited roofing specialists. The National Federation of Roofing Contractors sets the standard their trade is held to, and accreditation is not handed out.

A warm-up top is an unglamorous thing to put a name on. It never appears in the trophy photograph. It is, though, the first thing an opposition club sees of us, and today that matters more than usual: Peps All Stars have never played us and have nothing to go on but what turns up. A squad arriving together, in the same kit, looking like a football team.

Backing the part nobody photographs is a particular kind of support. We are glad to wear their name while we work.

THE REASON BEHIND THE BADGE

There is a reason this club carries Sue's name.

The football matters to us. So do the results, the performances and the standards we demand from each other. But none of those things are the reason we exist.

We were founded in memory of Susan Anne Martin. Every time we pull on the shirt, her name steps onto the pitch with us. Every photograph, every result and every person who discovers the club helps keep her story moving forward.

That gives the badge meaning beyond football. It also gives us a responsibility to use whatever platform we build to raise awareness of sepsis and the importance of recognising when somebody may be seriously unwell.

Sepsis is a life-threatening reaction to an infection. It can be difficult to identify and requires urgent medical attention. If someone appears seriously unwell or you believe they may have sepsis, seek immediate medical help.

We cannot change what happened. We can choose what we build from it.

Our purpose is to create something lasting in Sue's memory and use football to bring people together, raise awareness and make her name impossible to forget.
