BACK AT THE REEVES

HOME AGAIN

Good morning, and welcome to issue three of The Matchday Standard.

Sue's Angels return home after the first away assignment of the League Eight season, a composed 3-0 win at Junction Elite. Three matches have brought three wins, 13 goals and the first clean sheet of the campaign.

More telling than the numbers is that each match has asked for something different. The Angels showed resilience against Three Little Birds, attacking authority against Haydons Park and discipline away at Junction Elite.

Today brings another question. The clubs met in the cup last season, but this is a first league meeting. That result is history, not an advantage: Barnes arrive with their own reasons to play well, and the Angels have a standard of their own to hold.

Whether you are beside the pitch or following from elsewhere, thank you for being part of it.

Against today's visitors in the cup, February 2026.

LEAGUE EIGHT · SUNDAY 20 SEPTEMBER 2026 · RICHARDSON EVANS

JUNCTION ELITE

0-3

SUE'S ANGELS

CONTROL ON THE ROAD

Three wins from three, and the first clean sheet of the season.

The breakthrough came after two minutes. Making his first start of the campaign at left wing-back, Michael Brabrook lifted a pass beyond the Junction defence. Ade Owolana controlled it and placed his finish to the goalkeeper's right.

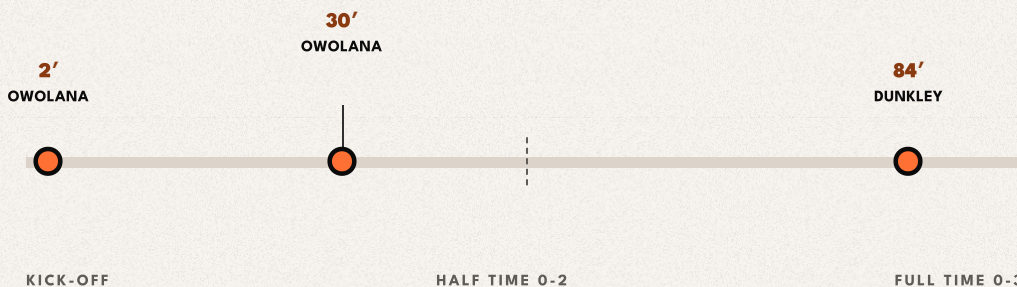

Junction had spells of possession, but the Angels stayed organised. Michael protected the left side, Daniel McLane dealt calmly with what came near him, and Luke Munns was barely tested.

The second arrived around the half hour. Leon Burnett held the ball up near the area and was brought down. Ade took it from about 22 yards and guided his left-footed free kick into the bottom-left corner.

Junction pressed after half time, and Luke saved the only shot they put on target.

Charlie Dunkley finished it on 84 minutes. Dean Knight exchanged passes with Leon and delivered first time; confusion between the goalkeeper and centre-back left the ball at Charlie's feet, and he finished off the underside of the crossbar.

Three goals, three points, and a first clean sheet. Charlie's was also the club's 150th goal in competitive football.

Disciplined, patient, clinical. The full report is on the match page at suesangelsfc.co.uk.

ONE IDENTITY, THREE DIFFERENT WINS

THREE WAYS TO WIN

A season is not built on one kind of performance. The Angels have already needed three.

GAME WEEK 1 · RESILIENCE

Three Little Birds (H) 2-1

An opening day that asked for patience. Under pressure in the second half, the Angels changed shape, protected the lead and saw it out.

GAME WEEK 2 · AUTHORITY

Haydens Park (H) 8-1

Control turned into goals. Ade Owolana and Charlie Dunkley both scored hat-tricks, and the Angels led 5-0 at half time.

GAME WEEK 3 · CONTROL

Junction Elite (A) 3-0

A mature away performance. The Angels defended their box, managed Junction's possession and took the moments that mattered.

AT THE REEVES TODAY

WELCOME, BARNES STORMERS

Barnes arrive for their second League Eight fixture of the season, and their first league meeting with the Angels.

Their season began on 13 September with a 2-1 defeat away to Bristol City (London) Supporters. George Rixon scored their goal and was named their Player of the Match.

That result is a warning against reading the table. Barnes were in the match throughout, and they come to The Reeves with a point to make rather than a lead to protect.

Their registered squad carries plenty of Southern Sunday Football League experience. The side that started their opener included Harry Cooper, Hamza Elkoissi, Oliver Graham, Omar Hayrat, Henry Ingles, Thomas Jackson, Tom Langley, Jose Sousa and Rixon. Luke Rowan is listed as serving a one-match suspension after a second yellow card.

The Angels have the momentum, and Barnes have none of the pressure that comes with leading the division. Move the ball with purpose, stay patient, and match their intensity from the first whistle.

The Angels after a goal in the quarter-final, February 2026.

The clubs last met at Meadhurst Sports Club in the quarter-final of the Dylan Rigobert Trophy, and the Angels produced one of their strongest cup performances of the season.

PRESSURE AT THE FAR POST

From the same afternoon at Meadhurst.

Frazier-Isaías Osunkoya scored a hat-trick, Charlie Dunkley added two, and Malachi Mullings and Dean Knight completed the scoring. The win sent the club into a semi-final, where Hillside Elite were beaten 3-0, and on to its first final.

A WORD OF CAUTION

Seven goals in February count for nothing this morning. That was a cup tie eight months ago, two divisions below this one, and both squads have changed since. Barnes have had a fortnight to think about their opening defeat and arrive with nothing to protect, which is a harder side to face than one with a record to defend. The scoreline that day proves only that the Angels can reach that level. It has to be earned again from the first whistle.

PLAYER FOCUS

ADE
OWOLANA

ATTACKING MIDFIELDER

Ade's impact did not begin when the competitive season did. Through pre-season he scored, created and linked the midfield to the attack. Three league games later, that has turned into production.

After starting the opening win over Three Little Birds, he scored a hat-trick in the 8-1 against Haydons Park, with his left foot, his right, and his left again.

SHARE OF THE CLUB'S 13 Five of them

A week later he decided the first away fixture of the season. The opening goal showed control and composure; the second, a left-footed free kick from about 22 yards, showed technique and nerve.

Five goals in three appearances is an exceptional start, and his influence runs past the final touch: he finds space between the lines, combines with the forwards, and gives the side another player who can settle a match.

ON THE SHIRT THROUGH 25/26

Not every partnership begins after the success. Some of them make it possible.

@sporting_solutions_ltd

Sporting Solutions were the first kit sponsor in the history of Sue's Angels FC. They backed the club before the trophies, before the promotion, and before anybody knew what the first season would become.

Their name was on the matchday shirt from the club's first fixture and stayed there for the whole of 2025/26.

That season turned out to be the one nobody at the club will forget. The Angels played 18 League Ten matches and won all 18, finished as unbeaten champions, scored 90 league goals and went up without dropping a point.

The colours have changed and the story has moved on, but the people who backed the beginning keep their place in it.

FOR SUE

Sue's Angels FC was founded in memory of Susan Anne Martin, who died of sepsis. Every time the team takes the field, her name goes with it.

The club also uses what it has, a shirt and an audience, to raise awareness of sepsis and to help people recognise when urgent help is needed.

KNOW THE SIGNS

Seek urgent medical help if an adult or child is breathing very quickly or struggling to breathe; has blue, grey, pale or blotchy skin; is confused, unusually sleepy or hard to wake; has a rash that does not fade under pressure; has not passed urine for an unusually long time; or seems seriously unwell.

If you suspect sepsis, ask: could it be sepsis?

To learn about sepsis, visit **the UK Sepsis Trust** at sepsistrust.org or **the NHS** at nhs.uk/conditions/sepsis
