

THREE LITTLE BIRDS FC

SUN, 6 SEPTEMBER 2026 · 11:00 · LEAGUE EIGHT

The Reeves Sports Club

01 OPENING DAY

Opening day.

This morning the waiting ends.

A summer of preparation, a squad rebuilt, six friendlies and a step up two divisions, and it all comes down to eleven o'clock on a Sunday at The Reeves.

Three Little Birds FC are the visitors and this is the opening match of 26/27: the first competitive fixture of the club's second full season, and its first ever in League Eight.

Opening day is the one morning of the season when every club in the division is level. The table is empty. Nobody has a run to protect and nobody has a deficit to chase. Whatever anybody did last year, at eleven o'clock it is nought each.

The club arrives here having won League Ten in 25/26 with a record of played 18, won 18, drawn 0, lost 0. 90 goals scored, 11 conceded, 54 points from a possible 54.

That season is finished. It earned the club the right to be here and it will not win a header this morning. Three of those eighteen were walkovers that carry no score, which the club says out loud because it is the reason the other fifteen are worth believing.

Sue's Angels FC has played 39 matches in total across 2 seasons since it was founded in 2025. This programme is a record of all of it: who is here, what they have done, where the club has been and who it is about to play.

Everything printed in it is counted from the club's own match records rather than remembered, which is why there are no round numbers in it, and why, where something has not been written down, this programme says so instead of filling the gap.

Enjoy the match.

02 TODAY'S OPPONENT

Three Little Birds FC.

Today the club plays Three Little Birds FC.

It is a first meeting. There is no result, no team sheet and no previous scoreline against them anywhere in the club's records, which means neither side has a form guide on the other and both are working from nothing.

That is worth stating plainly rather than filling with speculation. This programme does not know how they line up, who takes their free kicks or what they did last weekend, and it is not going to guess: the first honest paragraph about Three Little Birds FC will be written after full time.

03 THE SQUAD

Every man in the squad.

23 players are registered for the season. What follows is every one of them and what the club's records say: appearances, goals, assists, cards, clean sheets and the day they joined. Nobody is described here in a way the archive cannot support, and nobody is left out for being quiet.

Appearances count starts and any substitute the record can prove came on. A name on the bench with nothing beside it is not an appearance, which is why some of these figures are lower than a player might remember them being, and why they can only ever move upwards as the record improves.

GOALKEEPERS

Luke Munns

Luke Munns has made 29 appearances for the club as a goalkeeper. Every one of them was a start. He has made 6 assists without scoring himself. He is fourth on the club's list of appearances. The club records who kept one rather than inferring it from where somebody lined up, so this is the club's own answer and not a guess from a formation. His disciplinary record reads 1 yellow card. Sean Sheehan

04 25/26 IN FULL

The season that got the club here.

25/26 was the club's first full season and it produced 33 competitive matches across 5 competitions. Won 29, drawn 1, lost 3. Scored 137, conceded 25.

In the league itself the record was perfect: 18 played, 18 won, 54 points, and a goal difference of 79. Three of those eighteen were awarded as walkovers and carry no score, so the ninety goals were scored in fifteen matches rather than eighteen. That is a detail worth keeping in front of the figure rather than behind it.

What follows is every competitive match of that season in order, with the competition it was in and whether the scorers were written down at the time.

EVERY COMPETITIVE MATCH OF 25/26. IN ORDER

05 THE NUMBERS

What the record actually holds.

Everything on this page is counted from team sheets and match records. Where the record does not carry something, this page says how much of it is missing rather than averaging over the gap.

The club's players have scored 137 goals in competitive football. None of them carries a note of how the goal was struck, so there is nothing here about headers, penalties or where on the pitch they came from.

At home the club has played 16 matches, scoring 83 and conceding 13. Away it has played 19 matches, scoring 66 and conceding 21. Walkovers are excluded from both, because the published table adds no goals for one and neither does this.

The club has been shown 8 yellow cards and 2 red cards in competitive football, across every match on the record.

League and cup.

The club has competed in 5 competitions since it was formed: a league and a set of cups, each with its own character and its own way of ending a season early.

A cup is not a league. One bad morning removes you from it, which is why a club that goes unbeaten in a division can still lose a final, and why the two records below should be read as answers to different questions.

LEAGUE TEN

Played 18, won 18, drawn 0, lost 0. Scored 90, conceded 11. Every match won.

DYLAN RIGOBERT TROPHY

Played 5, won 4, drawn 0, lost 1. Scored 21, conceded 4. The 1 defeat in this competition is part of the record and printed with the rest of it.

CHIPOTLE UK CHAIRMAN'S CUP

Played 4, won 3, drawn 1, lost 0. Scored 7, conceded 3.

SURREY FA SUNDAY LOWER JUNIOR COUNTY CUP

Played 4, won 3, drawn 0, lost 1. Scored 17, conceded 4. The 1 defeat in this competition is part of the record and printed with the rest of it.

SUPREME TROPHIES MARCUS LIPTON CUP

Played 2, won 1, drawn 0, lost 1. Scored 2, conceded 3. The 1 defeat in this competition is part of the record and printed with the rest of it.

What is close today.

A programme cannot tell you what is going to happen this morning, and this one is not going to try. What it can do is point at the things that are close.

These are the round numbers within reach of somebody in today's squad. None of them is a prediction and several of them will still be sitting there in November, but if one goes this morning it is worth a cheer that the scoreboard will not give it.

At the top of the club's scoring list, Frazier-Isaías Osunkoya has 31 goals and Charlie Dunkley is the nearest to him on 24.

Andrew Allen is 1 Man of the Match award away from 3 Man of the Match awards for the club.

Charlie Dunkley is 1 goal away from 25 goals for the club.

10 PRE-SEASON

How the summer went.

The club played 6 friendlies before this season started. Won three, drawn one, lost two, scoring 12 and conceding 12. five of the 6 were away from home.

None of it counts towards anything and all of it was the point. Pre-season is not there to extend a record: it is there to give players minutes, to try combinations that might not work, and to find out what happens when a match goes badly. A summer of comfortable wins teaches a squad nothing it can use in October.

Friendlies are also counted differently everywhere on this website. Appearances, goals, assists and every career figure the club publishes are taken from competitive matches only, so a friendly eleven is credited to nobody however carefully it is written down. The results below are real; they simply do not enter anybody's record.

PRE-SEASON, IN ORDER

Pure Football FC 2.0, 2 August 2026, away from home. Won 2-0 in the Pre-season friendly. The goals came from Leon Burnett, Ade Owolona. The assist is credited to a player the roster cannot name. A clean sheet, with Luke Munns in goal. Stewart Luwawa captained the side. Played at Barn Elms Sports Centre.

Galacticos Elect, 9 August 2026, away from home. Drew 2-2 in the Pre-season friendly. The goals came from Leon Burnett, Ade Owolona. The assist is credited to a player the roster cannot name. No team sheet was written for this one, so nobody is credited with playing in it. It is one of a handful in the archive like that.

Kingsmeadow United, 12 August 2026, away from home. Lost 0-5 in the Pre-season friendly. The club did not score. No team sheet was written for this one, so nobody is credited with playing in it. It is one of a handful in the archive like that. Played at The Matthew Arnold School.

Brentford Town, 16 August 2026, away from home. Lost 2-3 in the Pre-season friendly. The 2 goals in this one are not attributed on the record, so this programme does not guess at who scored them. No team sheet was written for this one, so nobody is credited with playing in it. It is one of a handful in the archive like that.

Kew Antigua, 23 August 2026, away from home. Won 2-1 in the Pre-season friendly. The goals came from Daniel McLane, Frazier-Isaías Osunkoya. The assist is credited to a player the roster cannot name. No team sheet was written for this one, so nobody is credited with playing in it. It is one of a handful in the archive like that.

BPR FC, 30 August 2026, at The Reeves. Won 4-1 in the Pre-season friendly. The 4 goals in this one are not attributed on the record, so this programme does not guess at who scored them. No team sheet was written for this one, so nobody is credited with playing in it. It is one of a handful in the archive like that. Played at The Reeves Sports Club.

06 THE DIVISION

Who else is in it.

9 clubs make up the division this season, so there are 16 league matches to play.

five of the 8 have never been played by this club at all. That is the honest headline for a side that has just come up two divisions: most of this league is unknown to it, and most of this league does not know it either.

BARNES STORMERS FC

Played 1 time: won one, drawn no, lost no, scoring 7 and conceding 0.

Barnes Stormers FC, 8 February 2026, at The Reeves. Won 7-0 in the Dylan Rigobert Trophy. The goals came from Frazier-Isaías Osunkoya (3), Charlie Dunkley (2), Dean Knight, Malachi Mullings. A clean sheet. Charlie Dunkley was Man of the Match. Jim El Bayati captained the side. Played at Meadhurst Sports Club.

BRISTOL CITY (LONDON) SUPPORTERS

Never played. Nothing in the archive, in any competition, in any season.

BROCKWELL VIOLETS FC

Played 3 times: won three, drawn no, lost no, scoring 14 and conceding 2.

Brockwell Violets FC, 5 October 2025, at The Reeves. Won 6-0 in the League Ten. The goals came from Andrew Allen (2), Abiola Adio, Stewart Luwawa, Daniel McLane, Stephen Potter. A clean sheet. Andrew Allen was Man of the Match. Jim El Bayati captained the side. Played at Meadhurst Sports Club.

Brockwell Violets FC, 14 December 2025, at The Reeves. Won 5-1 in the Dylan Rigobert Trophy. The goals came from Stephen Potter (3), Charlie Dunkley, Daniel McLane. Stephen Potter was Man of the Match. Daniel McLane captained the side. Played at Meadhurst Sports Club.

Brockwell Violets FC, 10 May 2026, away from home. Won 3-1 in the League Ten. The goals came from Kieron Horrill, Alfie James Inman, Stewart Luwawa. 2 bookings. Stewart Luwawa was Man of the Match. Jim El Bayati captained the side. Played at Prince George's Playing Fields.

HAYDONS PARK

Never played. Nothing in the archive, in any competition, in any season.

JUNCTION ELITE FC SUNDAY 3RD TEAM

Never played. Nothing in the archive, in any competition, in any season.

PURE FOOTBALL FC 1ST TEAM

Never played. The club has met their Pure Football FC 2.0, which is a different side and carries no record into a fixture against this one.

TSM ROVERS

Never played. Nothing in the archive, in any competition, in any season.

THREE LITTLE BIRDS FC

Never played. Nothing in the archive, in any competition, in any season.

13 WHAT COMES NEXT

The season ahead.

A league season is long and this is the first morning of one.

16 league matches will decide it, against 8 other clubs, most of which this club has never played. Add the cups and it is a winter of Sunday mornings.

So what is the season for?

The honest answer is that nobody knows yet, and the club is not going to pretend otherwise on the first morning. This is a side that has never played a competitive match at this level. It won every league match it played last year

and it has no idea what that is worth two divisions up. Anybody telling you where it finishes in May is guessing.

What the club can say is what it is trying to do. Compete in every match rather than in the ones that suit it. Keep the standards that produced last season rather than the results, because the results were a consequence and the standards were the cause. Give minutes to the players who have earned them and to the ones who signed this summer without a season behind them. Finish the campaign as a stronger side than the one that starts it this morning.

Promotion again would be a remarkable thing and it is not a promise. Staying up comfortably and being a difficult afternoon for everybody in the division would be a good season by any measure, and it is the floor the squad has set itself rather than the ceiling.

There will be defeats. It is worth writing that down now, on the morning when the record is still perfect, because the measure of this group will not be whether it avoids a bad afternoon. It will be what it does the Sunday after one.

1 fixture is already on the calendar after today.

Haydons Park, Sun, 13 September 2026, 11:00, home. League Eight.

07 RECOGNITION

What the club has marked.

11 THE CLUB

Where this club came from.

Sue's Angels FC was founded in 2025. Its first match on record was against Pure Football FC 2.0 on 21 September 2025, at The Reeves, and it finished 5-0.

The first win came against Pure Football FC 2.0 on 21 September 2025, 5-0.

Since then the club has played 39 matches against 25 different clubs at 12 grounds.

The biggest win is 12-0 against Balham Bteckerz, 18 January 2026.

The heaviest defeat is 0-5 against Kingsmeadow United, 12 August 2026. It is in here because a club that only prints its wins is not keeping a record, it is keeping a scrapbook.

None of this is very old. That is the point of writing it down now: the club is at the stage where every match is still a first of something, and in ten years this page will be the only place some of it survives.

17 THE BADGE

What is on the shirt.

The crest is a shield, an angel and a date. Around the bottom of it runs the line the club took as its own: **what we do in life echoes in eternity**.

It carries 2025, which is when the club was founded, and it carries the name of a person rather than a place. Most clubs are named after a town. This one is named after Susan Anne Martin, which is why the badge has a figure on it and why the club has never treated it as decoration.

The colours are orange and black, and they are on everything: the shirt, this programme, the website, the graphics that go out after full time. A small club is recognised or it is not, and being recognisable costs nothing but consistency.

The club is known as the The Angels. It plays in Southern Sunday Football League, out of Hanworth in London, and it is a men's sunday league football club.

That is the whole identity, and it has not changed since the first Sunday. It is worth putting in the programme because clubs drift: a badge gets modernised, a colour gets softened, a motto gets dropped for being awkward. This one is written down here so that if it ever changes, somebody has to decide to change it.

08 THE GROUND

Where we play.

The Reeves Sports Club on Snakey Lane in Hanworth is where the club trains through the week and plays every home fixture. It is shared with Staines Rugby Club, which is why they appear among the partners at the back of this programme as a partner club rather than as a commercial sponsor.

The club has played 17 matches here and won 16 of them.

There is no turnstile, no admission and no programme kiosk, which is the point of this one being a file rather than a booklet. Stand where you like, and if you are new, somebody will tell you which way we are kicking.

12 HOW THIS IS COUNTED

A note on the figures.

Every figure in this programme is counted from the club's own match records at the moment it was made. Nothing is typed in by hand, which means nothing in here can quietly go out of date while somebody forgets to update it, and it also means the programme is only ever as good as the records behind it.

So it is worth saying what those records do and do not hold.

An appearance is a start, or a substitute the record can prove came on. A name on the bench with nothing beside it is not counted. That is deliberately strict: it means the appearance figures are a floor rather than a guess, and it means they can rise when somebody fills a gap in.

A walkover counts as played and as three points and adds no goals, which is how the published league table treats one. Getting that wrong would move the club's goal figures and its points figures out of step with the official standings.

A friendly counts for nothing in anybody's career figures. The results are real and they are printed, but no appearance, goal or assist from one enters a player's record.

Where the record is thin, this programme says so. 8 matches on the record have no team sheet at all, so nobody is credited with playing in them. Some matches have a scoreline and no scorers. Where that is true the paragraph says the scorers were not written down, rather than leaving a blank that reads as though nobody scored.

None of this is an apology. A Sunday-league club keeping records this carefully is unusual, and the gaps are the price of writing down only what somebody actually saw.

In her name.

Sue's Angels FC was founded in 2025 in memory of Susan Anne Martin, who died of sepsis. The club plays for sepsis awareness.

That is the whole of it, and it does not need decorating. Sepsis is the body's extreme response to an infection. It is treatable when it is caught early, and it is missed often enough that charities exist to teach people the signs.

This programme is not the place for medical advice and will not offer any. The UK Sepsis Trust does that properly, and their guidance is a search away. If reading this is the reason somebody looks it up, the club has done something useful with a Sunday morning.

The football is the football. It matters, the results matter, and the club is trying to win a league. But the badge carries a name, and every match played in it is a small argument that she is not forgotten.

Three Little Birds FC.

A first meeting. There is no result, no team sheet and no previous scoreline against Three Little Birds FC anywhere in the club's records, so neither side has a form guide on the other.

16 BACK PAGE

Before you go.

Thanks for coming.

There is no turnstile at The Reeves and no admission, so the only way this club knows anybody was here is that they were. If you stood on the touchline this morning, you were part of it.

Playing. The club is always open to hearing from players. There are 23 men registered this season and a Sunday-league squad needs more than it thinks it does by January: work, holidays, injuries and life take their turn at everybody. If you can play, get in touch through the website.

Sponsoring. Everything this club does costs something. Pitch fees, match balls, referees, kit, first aid. The businesses at the back of this programme cover those, and there is room for more of them at every level from a shirt to a single match ball. It is a small amount of money for a real amount of visibility and a club that will thank you properly.

Following. Every result, every match report, every squad figure in this programme and a photograph library going back to the first season are on the website. It is updated the same day, and this programme is built from it, which is why the two can never disagree.

This programme. One is made for every match and they stay on the website afterwards, so a season builds into a set. It is free, it always will be, and it is assembled from the club's own records rather than written from memory.
